The "You Decide" Anonymized Pre-Match Rule

No Public Directories: Your profile is *never* published on a public search index or open marketplace. Potential matches only review anonymized criteria summaries. Your full name and contact info are only released after both parties explicitly approve the match and the introduction fee is verified.

3. How We Share & Protect Your Data

A. Third-Party Service Integrations

We disclose limited personal data to trusted operational infrastructure providers under strict privacy controls:

- **Payment Processors (Paystack):** We do not store full credit card details or banking PINs. Payment transactions are executed securely via encrypted Paystack API interfaces.
- **Communication Channels:** We utilize Meta/WhatsApp business endpoints to coordinate double-opt-in match approvals and peer introductions.
- **Cloud Infrastructure:** Secure cloud storage providers (e.g., Vercel, Supabase) storing encrypted database records with restricted administrative access.

B. Legal & Regulatory Compliance

We may disclose user information if required to do so by applicable law, court order, or governmental mandate, or when necessary to protect the physical safety, property, or legal rights of Roommate NG, our platform users, or the general public.

4. Payment & Financial Data Security

All financial collections for introduction fees are handled via secure **Paystack** webhooks. Ambassador bank details are harvested solely for disbursing earned referral commissions and are preserved inside restricted databases accessible only by authorized administrative roles.

5. User Responsibilities & Due Diligence

Roommate NG matches individuals based on self-reported housing preferences and lifestyle compatibility metrics. While we verify contact information, **Roommate NG does not perform formal background checks or criminal history screenings**. Users are strongly advised to exercise standard safety precautions, meet potential

roommates in public locations, and independently verify property documentation and lease terms before making financial commitments.

6. Data Retention & Account Deletion

We retain profile data for as long as necessary to fulfill active roommate search requests or comply with legal requirements. You may request to pause, update, or permanently delete your roommate profile or ambassador account at any time by contacting us at support@roommateng.com or via our official WhatsApp channels.
